Title One Presentation

We receive Title One funding which provides support for students in reading and math intervention either through small group settings or individual 1:1 support. We have intervention teachers who provide direct support to students as well as guidance and coaching to teaching staff to expand their support within the general education classroom. The purpose of Title One funding “is to ensure that all children have a fair, equal and significant opportunity to obtain a high quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and state academic achievement.” - U.S. Department of Education.

School Board Elections - Tarik Thornton, Community Leader
